Message/Comments: Attached is a copy of the Supplemental Information Disclosure Statement we mailed on April 30, 2003. It has not been recorded in PAIR. On or about June 26, 2003, I called Examiner Duffy regarding this oversight and she indicated another copy would need to be sent. Attached is a copy of the returned postcard as well as a copy of the Supplemental Information Disclosure Statement and PTO/SB/08. Unfortunately, file copies of the art were submitted with a copending, related case and new copies have not yet been received from the client. As I will be out of the office for a couple of weeks, I am sending this fax cover sheet, copy of Supplemental Information Disclosure Statement and returned postcard so that the case is not abandoned. Upon my return to the office, I will check and see if the material has been received from the client so that references can be transmitted again to the U.S. Patent Office. An additional Supplemental Information Disclosure Statement was mailed May 16, 2003. That will also be supplied.

If you do not receive the complete document, please call (801) 532-1922 as soon as possible
